

# GUIDE 317

## Cut protection glove with PU

Guide 317 is a soft and comfortable cut protection glove constructed from glass free HPPE fibers. Thanks to the innovative fiber it combines softness with high protection level and is a great choice, not only for work at risk for cuts, but for all kind of applications where an advanced protection level is requested.

Suitable for handling and assembly of small and sharp parts and metal fabrication.

**DURABILITY**

**FLEXIBILITY**

- Cut protection level C
- Seamless in HPPE fibre, no glass added
- Good grip
- Sizes 6-11
